DRILL HALL THEATRE RENTAL CONDITIONS (as at February 2025)

- A one-time casual activity will need to pay for 3 hour hire even if they intend to use the hall for less time than this.*
- To calculate fees, if you are hiring the hall for 4 hours before 6pm you will be charged \$35/hr so the total is \$140. If you are hiring the hall for 6 hours from 2pm to 8pm
- Casual activities cannot use any sound, lighting equipment or access the backstage areas.
- A curtain will screen any sets for theatre productions and participants are not to enter the curtained area.
- A Drill Hall Theatre technician will be present at all performances that require tech and this is included in the cost of your hire. Any time required beyond the assigned time will be charged in addition to the totals listed in the table.
- As the Drill Hall Theatre is in a residential area sound and amplified music must be kept to an average of 70 decibels an hour. Therefore many musical performances are not suitable at the Drill Hall Theatre due to these sound restrictions.
- Please read through the Drill Hall Theatre tech specs and speak to our Theatre Technician as soon as possible, there may be items you will need to hire
- PLEASE NOTE: Hall hire is subject to availability & Committee Approval
